

NORTH CANBERRA GUNGALIN CRICKET CLUB

Dear Players and Parents

1 July 2010

Welcome to the 2010/2011 Season

My name is Miles Boak and I am the new club Chairman. I am pleased to inform that the Committee has been planning and working assiduously to ensure that the club is well prepared for the coming season. The club expects to field at least the same number of teams as last season.

Please find enclosed the 2010/2011 registration form, which is similar in presentation to those of previous seasons and again includes the Player Code of Behavior. It is worth reminding everyone that while North Canberra Gungahlin players have a very good reputation for sportsmanship towards fellow players and respect for opposing teams and umpires, occasionally a very small minority of our players misplace the Code when on the field. And while it is important for new players to be aware of our Code, it is also important to remind re-registering players of its importance.

The club is pleased to advise that player registration fees will remain unchanged for the new season and will continue to offer sibling and loyalty discounts for longer term players.

Parents will again play a vital role in assisting with the operation of teams, and the more volunteers we have supporting the management of teams the easier it will make it for coaches and managers.

The season will commence the weekend Saturday 9 October 2010 for U/12 - U/14 Division 1s, will the other age groups and divisions starting in following weekends. In due course the club will be in contact with parents about details of grading days for age groups U/11 Division 1 and U/12s - U/13s inclusive.

I encourage parents to contact the committee if they wish to discuss any aspect of the coming season.

The Management Committee wishes all club players and parents an injury free, successful and enjoyable season.

Miles Boak
Chairman
